REN CUMMINGS

I am a self-taught web developer working as a front-end developer and graphic designer for a local start-up in Dayton, Ohio.
I enjoy creative problem solving and working through challenges that activate and stimulate the brain.

Projects

SPOKE.ZONE - MRS ELECTRONIC INC - WEB APP
- Spoke.zone is a single page application developed in HTML, CSS and Angular Js. On this project I worked as a front-end developer. I implemented a style change using Material Design and examined the user experience in efforts to improve the user interface.

CPK MOBILE APP- MRS ELECTRONIC INC - IOS MOBILE APP
- This mobile app is a custom a development project for CPK. It is being developed in apple iOS and android. I worked on Swift3 elements to help make the connection between the app and the CPK server via MQTT. I also helped configure the Bluetooth BLE connection between the app and the communication device.

TWE - MRS ELECTRONIC INC - MICROSOFT DESKTOP APP
- TWE is a quality and project management tool that was developed in house at MRS Electronic Inc. My contribution to this project was to configure the front-end of the RMA Section using XAML but also write the methods that provided functionality in C#.
